WORLD DAY OF PEACE: SUNDAY, 1 JANUARY 2023

Pope Francis: There is light even in our darkest hour

Many moral, social, political and economic crises we are experiencing are all interconnected, and what we see as isolated problems are actually causes and effects of one another.

Promote actions that enhance peace and put an end to the conflicts and wars that continue to spawn poverty and death.

Join in caring for our common home and in implementing clear and effective measures to combat climate change.

Battle the virus of inequality and to ensure food and dignified labour for all, supporting those who lack even a minimum wage and find themselves in great difficulty.
