Theme: How do we know the Bible is the Word of God?

Feb 2023

Opening Prayer:

Heavenly Father, we thank you for granting us the grace to meet together as one community today. We pray that you will be with us as we think and reflect on our faith in this BEC session. We pray that you will grant us the courage to speak up for our faith and an open mind to listen to others. We make this prayer through Christ our Lord. Amen.

Introduction

Often, we were told to read the Bible if we want to know God. And for some, we may even think the Bible is the answer to all problems we faced. We know that man wrote the content of the Bible but can we be sure that it is error proof? Surely a scientific knowledge will go obsolete after years when a new theory has proven that previous knowledge is false, just like how man thought the earth was flat until proven to be a sphere. How can we be so sure that the bible written thousands of years ago is still relevant today? Or are we just believing and reading the bible blindly?

Questions:

1. What is the bible and who wrote it?
2. How do we know the Bible is the Word of God?
3. How can we interpret the Bible?

Take a few minutes to think before you answer the questions. Please answer 1 at a time. Refrain from referring to the answers before answering. Everyone should take turns to practice explaining your faith.
